

PRELIMINARY PROGRAMME
ERN-Skin Scientific Days
2-3 July 2025

Institut Imagine, 24 Bd du Montparnasse, 75015 Paris

July 2nd, 2025 (Day-1)

08 :30	09 :00	Registration		
09:00	09:40	<i>Research Update</i> : Title to be confirmed	Stéphane Auvin	Paris, France
09:40	10:20	<i>Research Update</i> : Inflammation in rare autoinflammatory/autoimmune diseases: Lessons from skin	Fabrizio DeBenedetti	Rome, Italy
10:20	10:50	Break		
10:50	11:10	<i>Communication</i> : Pregnancy and family planning : a publication of the patient transversal group	Marie-Claude Boiteux	Skin ePAG
11:10	11:20	<i>Short Communication</i> : Loss of autonomy in the elderly subjects	Saskia Oro	Paris, France
11:20	11:45	<i>Communication</i> : Genetic testing in genodermatoses	Aude Beyens	Gent, Belgium
11:45	12:10	<i>Communication</i> : Capillary malformation-arteriovenous malformation syndrome and neurological risk	Marta Ivars	Barcelona, Spain
12:10	12:20	<i>Clinical case</i> : Case series of lichen planus-mucous membrane pemphigoid	Mariam Deriouch	Rouen, France
12:20	12:30	<i>Clinical case</i> : SAPHO syndrome in monozygotic twin	Teresa Oranges	Florence, Italy
12:30	13:45	Lunch Break		
13:45	14:10	<i>Communication</i> : Syndromic hidradenitis suppurativa	Angelo Marzano	Milan, Italy
14:10	14:20	<i>Clinical case</i> : Late puberty and induction on EB patients	Giulia Rodaris	Milan, Italy
14:20	14:30	<i>Clinical case</i> : Anti Jak and Lyell - Lung damages	Lea Jaume	Paris, France
14:30	14:40	<i>Clinical case</i> : IRF6 patients	Nicolas Peschel	Erlangen, Germany
14:40	14:50	<i>Clinical case</i> : Title to be confirmed	Valentina Ruffo di Calabria	Florence, Italy Paris, France
14:50	15:20	Break		
15:20	15:30	<i>Clinical case</i> : Long-read sequencing cracks unsolved cases and further improves genome diagnostics in Epidermolysis Bullosa	Agnes Grutters	Groningen, Netherlands
15:30	15:40	<i>Clinical case</i> : The use of dupixent in patients with hyperkeratotic bullous pemphigoid	Dario Didona	Rome, Italy
15:40	15:50	<i>Clinical case</i> : Skin barrier abnormalities in KRT10-epidermal differentiation disorder (epidermolytic ichthyosis)	Thomas Trafoier	Innsbruck, Austria
15:50	16:00	<i>Clinical case</i> : A case of TEN in patient with IgA nephropathy	Edita Marvanova	Brno, Czech Republic
16 :00	16 :10	<i>Clinical case</i> : Bullous pemphigoid occurring during cemiplimab treatment for squamous cell carcinoma arising from hidradenitis suppurativa	To be confirmed	Debrecen, Hungary
16 :10	17:10	<i>On going scientific projects</i> by ERN-Skin Thematic Groups	Chairs	
17:00		End Day-1		

July 3rd, 2025 (Day-2)

08 :30	09 :00	Registration		
09:00	09:40	Research Update : Update on NF1 and Legius syndrome	Eric Légius	Leuven, Belgium
09:40	10:20	Research Update : Matrix alterations and their impact in the 'Mendelian Connective Tissue Disorders'	Laurent Debelle	Reims, France
10:20	10:40	*Rising star* : PPK - the role of SERPINB8 and SERPINA12	Evelina Brandt	Helsinki, Finland
10:40	11:10	Break		
11:10	11:30	*Rising star* :Inflammation in Dystrophic Epidermolysis Bullosa	Meropi Karakioulaki	Freiburg, Germany
11:30	11:50	*Rising star* :Proteomic analysis of cytokines involved in MMP in comparison with BP and healthy donors	Bilal Tedbirt	Rouen, France
11:50	12:00	Clinical case : Artesunate treatment in JEB	Sophie Sinz	Salzburg, Austria
12:00	12:10	Clinical case : CALM multiple with LZTR1 gene mutation	To be confirmed	Leuven, Belgium
12:10	12:20	Clinical case : Efficacy and safety of dupilumab in Hailey-Hailey disease: a multicentre retrospective French cohort study	Maela Severino-Freire	Toulouse, France
12:20	12:30	Clinical case : Lichen planus like presentation of X-linked lymphoproliferative disorder	Katia Henostroza	Barcelone, Spain
12:30	12:40	Clinical case : Ulcerative colitis and severe pemphigus-like in a child : a therapeutic challenge?	Anne Welfringer	Paris, France
12:40	12:45	World Congress on Rare Skin Diseases 2026 in 3 words Take home message & next meetings	Christine Bodemer	Paris, France
12:45		End Day -2
