Add new patient

Create a record for a patient who doesn't yet exist in the system

Julia NEVEU (me)

Page 1 of 3

Consent for care

Before you can add a patient to the system you must gain their consent.
Your hospital has a specific form or procedure to obtain consent from a patient for this system.
If you are unaware of this internal procedure, please contact your hospital Data Protection Officer (DPO) and/or ERN specific representative.
