2026

OVERVIEW OF OUR 2026 CPMS & THEMATIC GROUP MEETINGS CALENDAR

For 2026, our CPMS and Thematic Group Meetings will follow a new structure.

HOW does it work?

- The year is divided into **3 sessions.**
- Every group has **one meeting per session.**

WHEN are the 3 sessions?

- 1st session: January to March 2026
- 2nd session: May to June 2026
- 3rd session: September to October 2026

NEW MEETING FORMAT IN 2026

Meetings will follow this new structure:

- Total meeting duration: 2 hours
- Each meeting will begin with the **CPMS case presentation(s)** (1 hour)
- Followed by the **Group Meeting** (1 hour)

WHERE can I find all meeting dates?

- You can find the **Timelines** and **chronological tables** in this document and on our website (pages CPMS Meetings and Thematic Group Meetings).

WHO can participate to the thematic group meetings?

- They are open to all ERN-Skin members including Clinicians and Patient representatives (Skin ePAGs)

OVERVIEW OF OUR 2026 CPMS MEETINGS

Case Presentation Rules

- **Each group has to present at least ONE CPMS case per meeting**
- The group should agree on who will present
- **You have to inform Julia NEVEU and the group at least 1 month before the meeting**

Outside group presenters

- If someone **outside of the group** would like to present a case, this is possible
- You just need to inform Julia NEVEU **1 month in advance**

Which type of clinical case can I present?

- It could be a **clinical case** questioning **diagnosis** or **treatment**
- It could be a **didactic case** already presented at conferences
- It could be several patient cases all related to the same pathology or thematic within a pathology (for instance a specific treatment)

Who can attend?

- **All ERN-Skin clinicians are invited to the CPMS sessions**, regardless of their group
- This gives everyone a chance to learn, observe, and exchange knowledge
- Case details will be shared with the entire ERN-Skin **before the meeting**

Inviting other ERNs

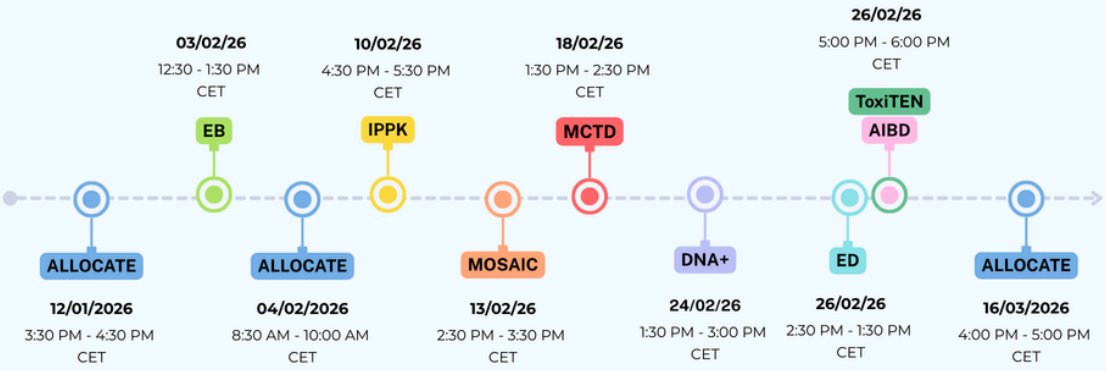

- If you feel another ERN should be involved, we can invite them
- Please let Julia NEVEU know **ahead of time**

Outside scheduled meetings or urgent meetings

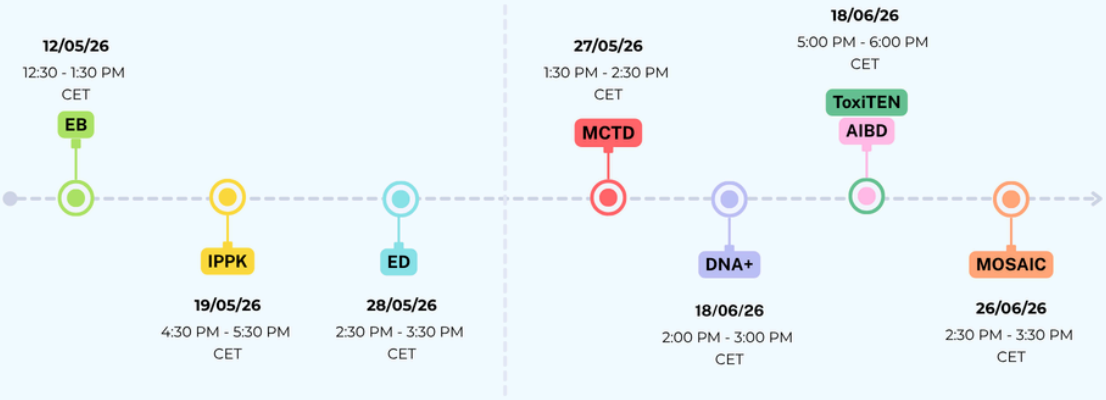

You can contact Julia NEVEU at any time if you want to present an **additional clinical case outside the planned meetings**

TIMELINE OF CPMS MEETINGS

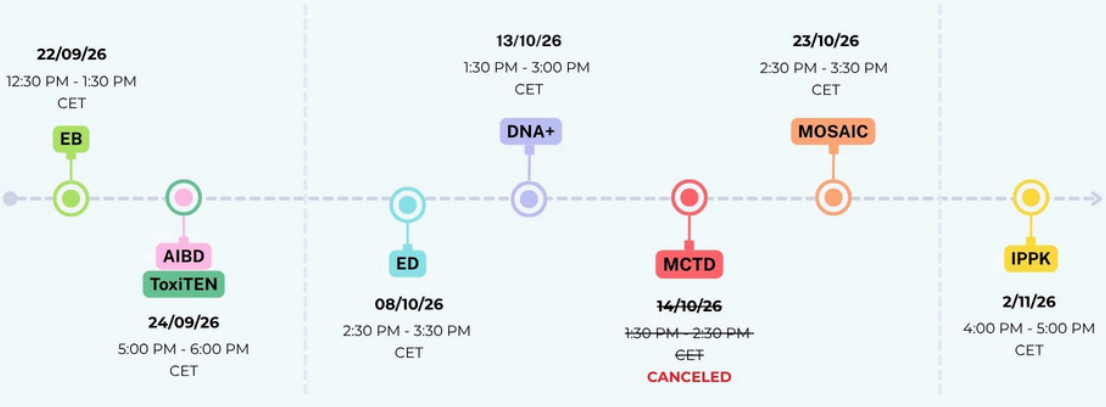

SESSION - 1
FEBRUARY TO MARCH 2026

SESSION - 2
MAY TO JUNE 2026

SESSION - 3
SEPTEMBER TO OCTOBER 2026

CHRONOLOGICAL TABLE OF CPMS MEETINGS

1st Session		
Group	**Date**	**Time**
ALLOCATE	12/01/2026	3:30 pm - 4:30 pm
EB	03/02/2026	12:30 pm – 1:30 pm
ALLOCATE	04/02/2026	8:30 am - 9:30 am
IPPK	10/02/2026	4:30 pm – 5:30 pm
MOSAIC	13/02/2026	2:30 pm – 3:30 pm
MCTD	18/02/2026	1:30 pm – 3:30 pm
